INSTRUCTIONS

Please enter the information requested for each item. This is a permanent record. All information must be typed.

Kansas District Courts are required by state statute (KSA 59-2104) to report adoptions to the Office of Vital Statistics. If the child being adopted was born outside the state of Kansas, the report of adoption will be forwarded to the appropriate state vital statistics office by the Kansas Office of Vital Statistics.

This Report of Adoption and the original Certificate of Live Birth will be sealed and will be opened only by court order or by written request of the adopted person, if of legal age, as directed by KSA 65-2423.

KSA 65-2423 also authorizes, upon request, the registration of birth certificates in the state of Kansas for children born in foreign countries but adopted by residents of Kansas or adopted in Kansas.

When a Report of Adoption is received, the Office of Vital Statistics contacts the attorney, or adoptive parents, to obtain one or both parents' signatures on the supplemental birth certificate. At that time, we also request the filing fee to prepare and file the new birth record. The filing fee is \$10.00.

You may obtain copies of the new certificate by paying the current certified copy fee.

If this adoption is a step-parent adoption, natural parent information will be taken from the original birth certificate on the file with the Office of Vital Statistics.

If any items are unknown, they may be left blank. However, information in items 8 through 10 is needed to locate the original certificate.
